## Guidelines for VIPS 2022

In 2011, the Texarkana Independent School District, Volunteers in Public Schools District Board decided to implement the VIPS Points Structure during the fall of 2012. They wanted to provide more opportunities for parents and guardians to become more involved in campus activities. This structure they determined would: increase parent participation; and develop better school/family relationships. Team One is always the winners from the previous year. Team Two and Three are the remaining campuses that are linked by the number of students per campus.
